Bottom tab bar + floating AI

Spotlight ⌘K search

Sheets · dialogs · side panels

01 · ACCESS **Login / SSO**

Calm, secure entry. SSO-first with a single floating glass card over a soft gradient — no clutter, no distractions.

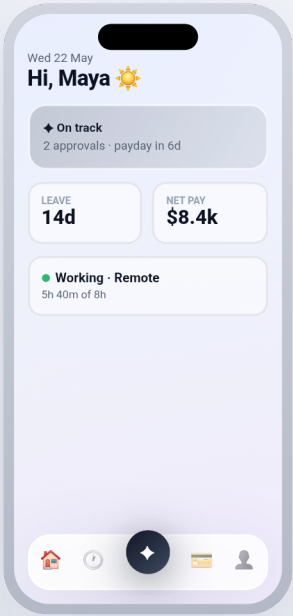

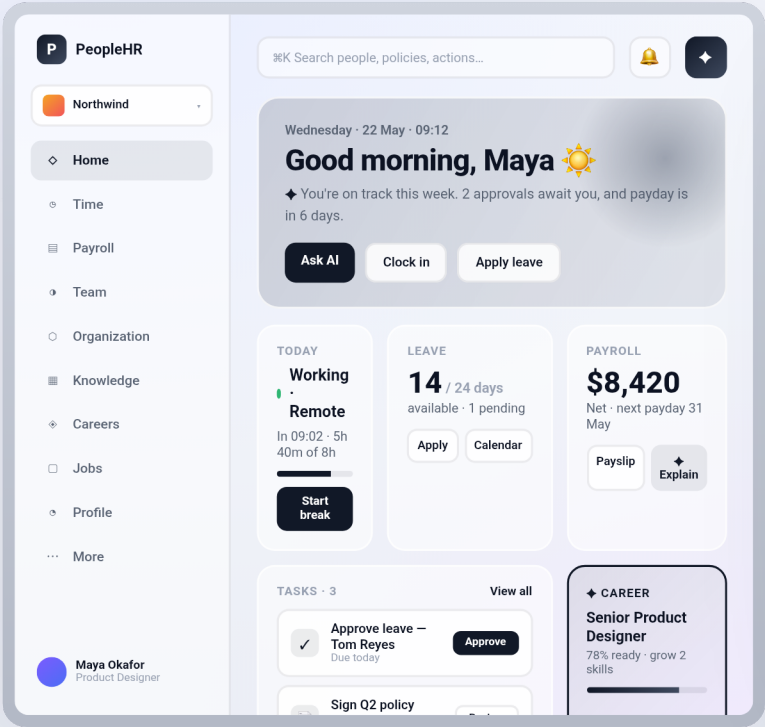

BLOCK SPEC

- **Welcome block** Glass card
Logo, product name, work-email field with live validation, Continue + SSO buttons.
- **Security block** Trust
Encryption + SOC 2 + SSO-enforced indicators; help & contact support links.
- **States**
Loading spinner on Continue · error on invalid domain · SSO redirect success.
- **Mobile**
Full-screen, SSO button pinned, thumb-reachable; email optional.

02 · EVERYONE

Employee Home

The primary experience. An AI-personalized hero over Today, Leave, Payroll, Tasks and Career — progressive disclosure, one glance.

BLOCK SPEC

- Hero block** AI
Greeting, date, live status + AI-generated daily briefing with quick actions.
- Today · Leave · Payroll** Glass cards
Clock status w/ progress, leave balance, net pay + next payday.
- Tasks block** List
Approvals, acknowledgements, docs — inline Approve / Review.
- Career + AI insight** AI
Recommended role, readiness %, personalized insights.
- Mobile**
Vertical stack, bottom tab bar, floating AI orb.

Time & Attendance

Live attendance hero, an editable weekly timesheet, a status calendar, and AI trend detection.

Profile

BLOCK SPEC

- Team overview

Size, present, remote, on leave, absent.

Stat cards
- Availability timeline

Live per-member working-hours gantt (signature).

Timeline
- Members

Avatar, role, status, performance bar — profile/message/approve.

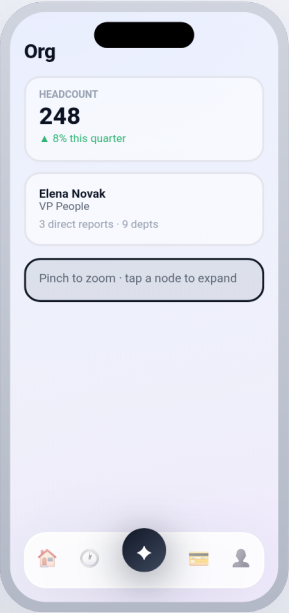

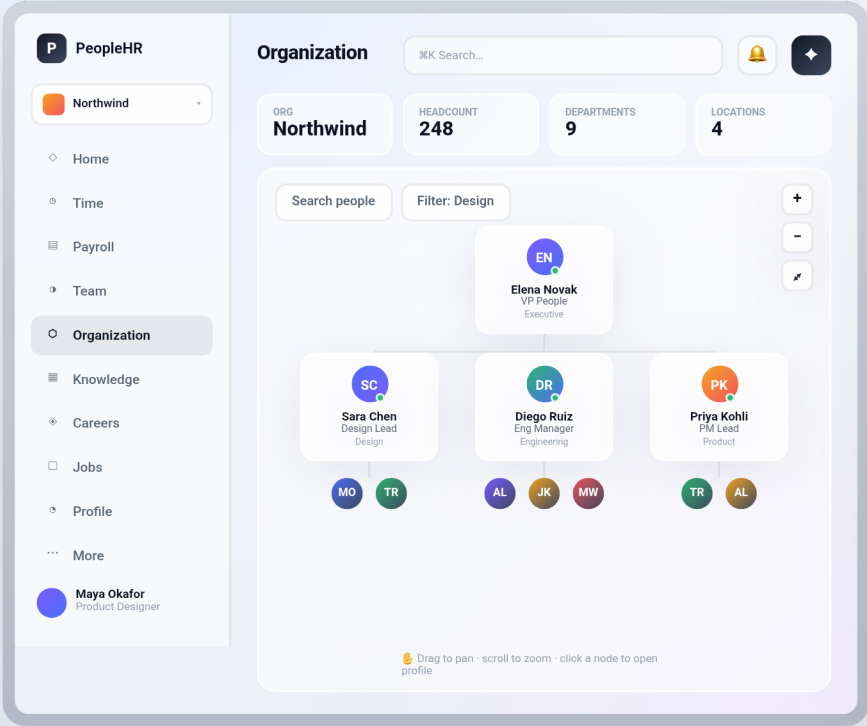

List
- AI insights

Team health, workload imbalance, upcoming absences.

AI

Organization

A visually rich, drag-and-zoom org chart with live status, search, filter, and AI workforce insights.

BLOCK SPEC

Org header

Organization, headcount, departments, locations.

Stat cards

Org chart

Avatars, name, role, dept, status — expand / collapse / zoom / pan.

Interactive

Search & filter

Find a person or filter by department; click node → profile.

Controls

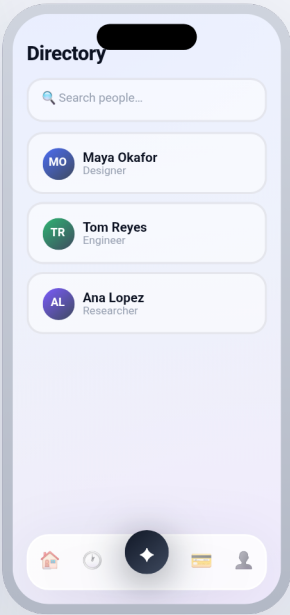

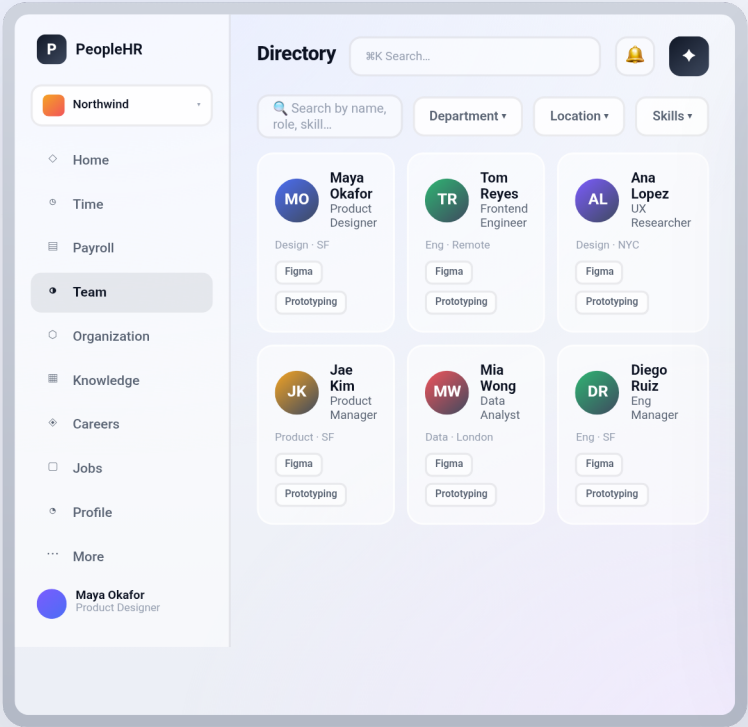

Org insights

Headcount trends, org changes, team growth.

AI

Employee Directory

Fast people search with faceted filters and skill-rich cards.

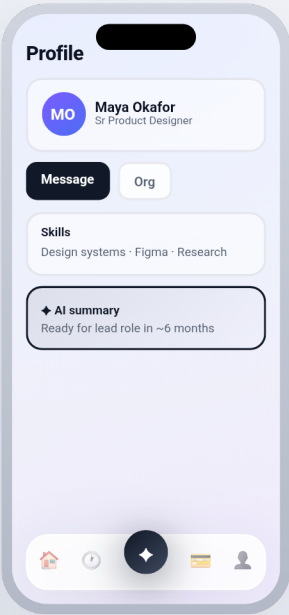

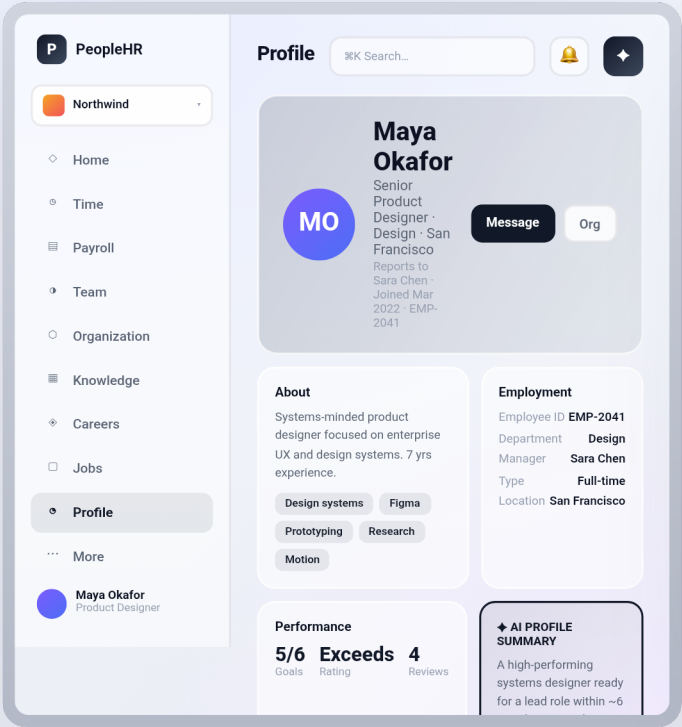

BLOCK SPEC

- Search**
Name, role, department, location, skills. Search
- Filters**
Department, location, role, type, skills chips. Facets
- Employee cards**
Avatar, name, title, dept, location, status, skills. Grid
- Actions**
View profile · contact · view team.

Employee Profile

A premium profile — identity hero, about & skills, employment, performance, and an AI summary.

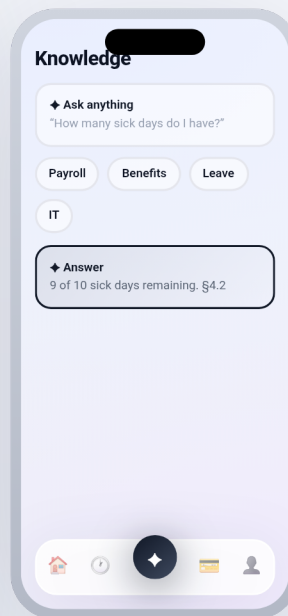

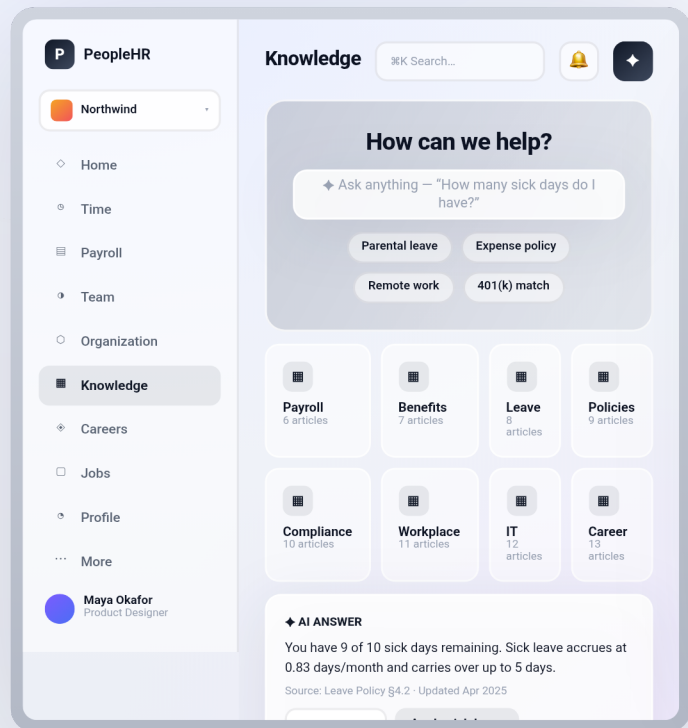

BLOCK SPEC

● Profile hero	Hero
Avatar, name, title, dept, manager, join date, status.	
● About	Card
Bio, skills, experience, education, certifications.	
● Employment & performance	Cards
ID, role, manager, type; goals, rating, reviews.	
● AI profile summary	AI
Intelligent professional summary + growth areas.	

11 · EVERYONE Knowledge Base

Apple-like content discovery — ask-anything search, categories, and cited AI answers.

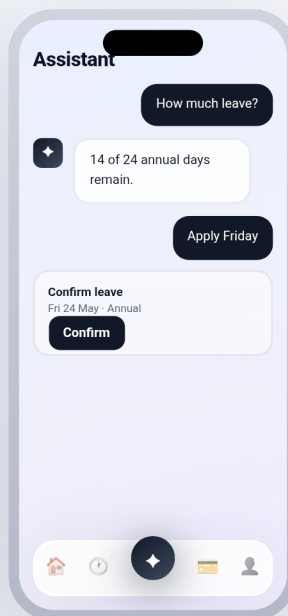

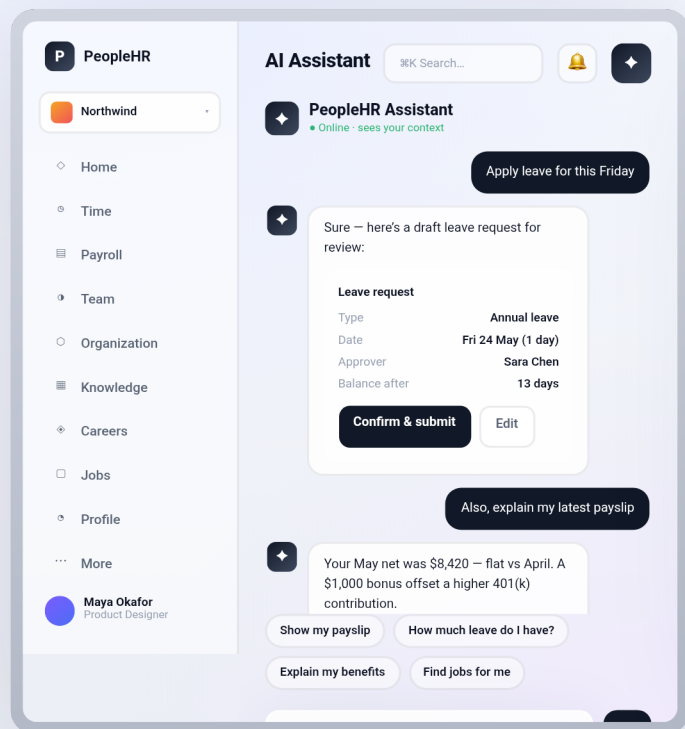

BLOCK SPEC

- Hero** Search
Ask-anything AI input + popular questions.
- Categories** Grid
Payroll, benefits, leave, policies, compliance, IT...
- Featured** List
Important, recently updated, recommended for you.
- AI answers** AI
Answer, source, related policy, suggested actions.

AI HR Assistant

A full-screen conversational surface — rich cards, action confirmations, and context awareness.

BLOCK SPEC

● Conversation

User + AI messages with rich cards, charts, docs.

AI panel

● Suggested prompts

Payslip, leave, benefits, jobs, career path.

Chips

● Action cards

Leave request, payslip summary, job recs generated inline.

Cards

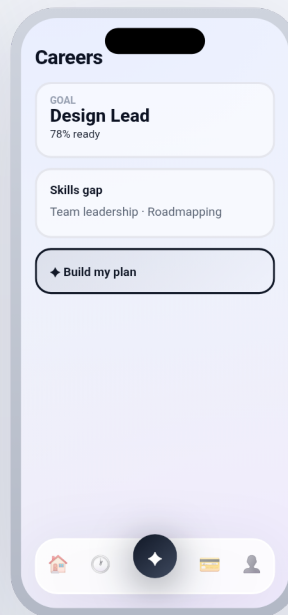

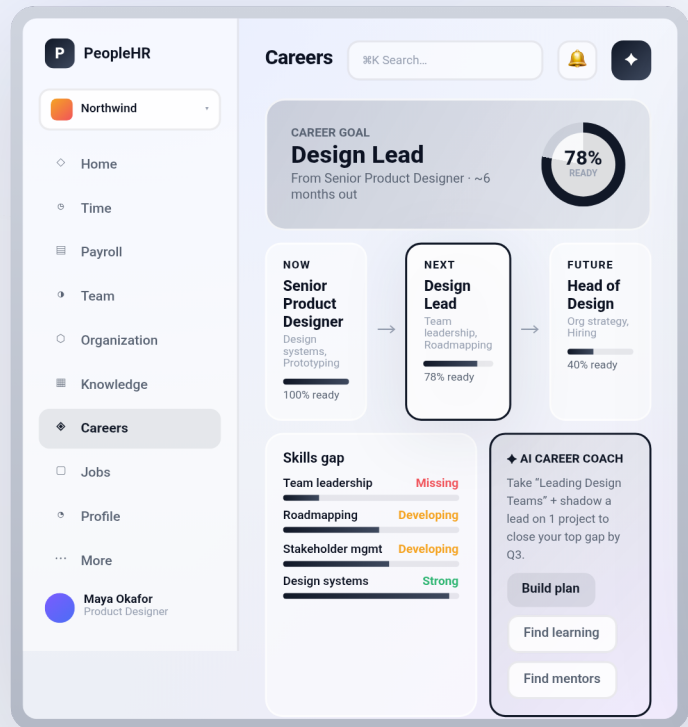

● Confirmation UX

Summary → confirm → execute → success before any action.

AI

13 · EVERYONE Careers

A visual career journey — current → next → future, a skills-gap read, and an AI career coach.

BLOCK SPEC

● Career hero

Current role, goal, readiness ring, AI recommendation.

Hero

● Career path

Now → Next → Future with skills & readiness per step.

Journey

● Skills gap

Current vs required skills with proficiency levels.

Bars

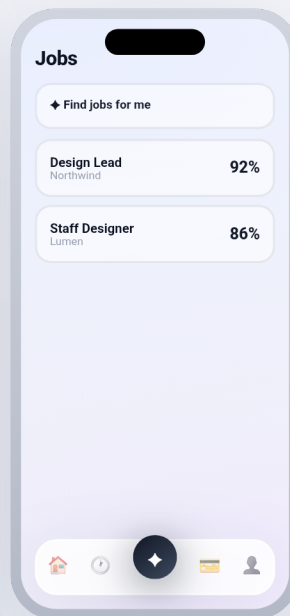

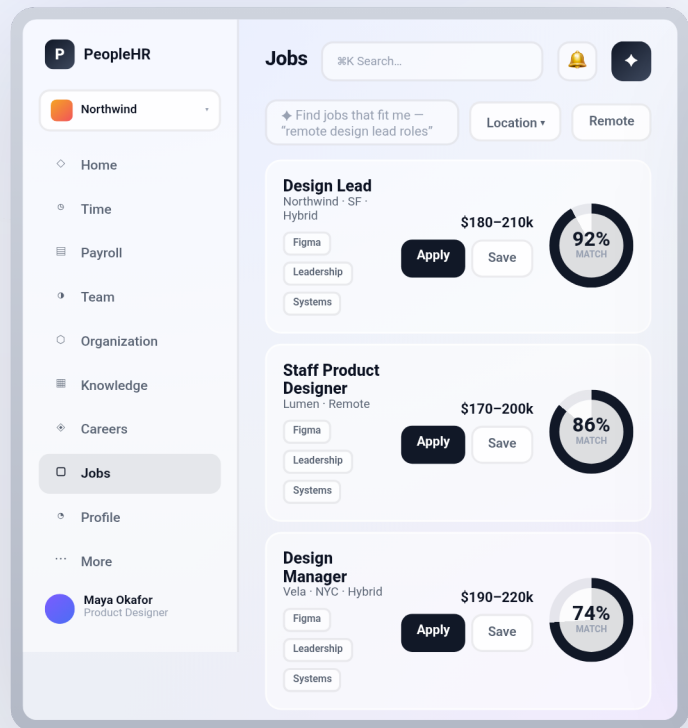

● AI coach

Build plan · find learning · find mentors · find jobs.

AI

14 · EVERYONE Job Portal

AI-matched internal & external roles with a transparent match score and quick actions.

BLOCK SPEC

Discovery hero

AI job search, location, filters.

Search

Recommended jobs

Company, title, location, mode, salary, skills, match %.

Cards

AI matching

92% match — skills, experience, education, location, goals.

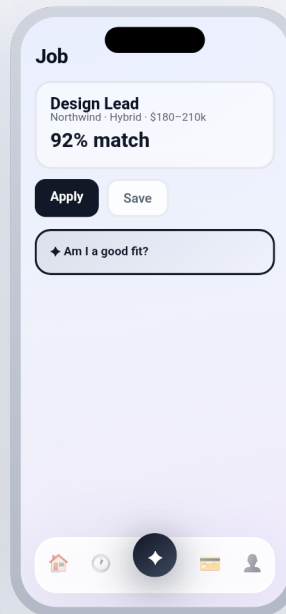

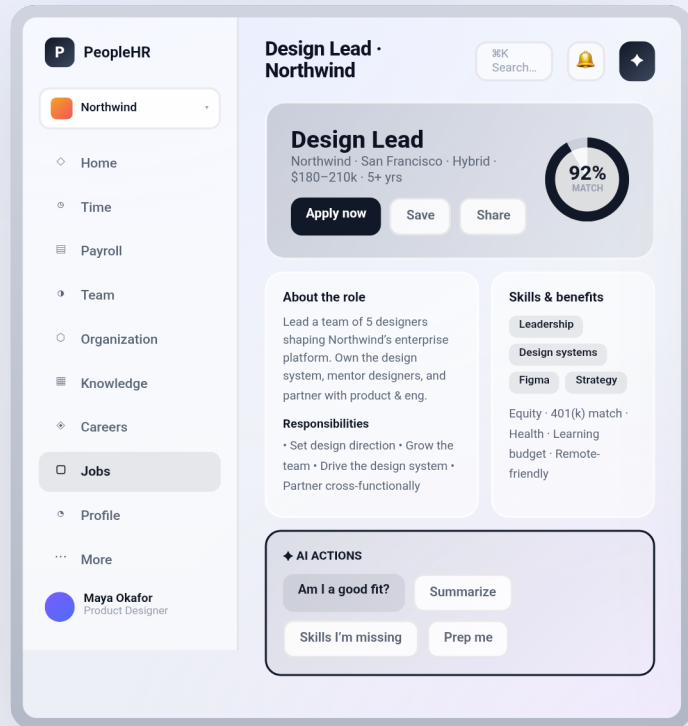

AI

Actions

Apply · save · share · ask AI.

15 · EVERYONE Job Details

A full role page with a match ring and AI actions like “Am I a good fit?”

BLOCK SPEC

• Job header

Title, company, location, salary, mode, match ring.

Hero

• Description

Role, responsibilities, requirements, skills, benefits, process.

Content

• AI actions

Good fit? · summarize · missing skills · interview prep.

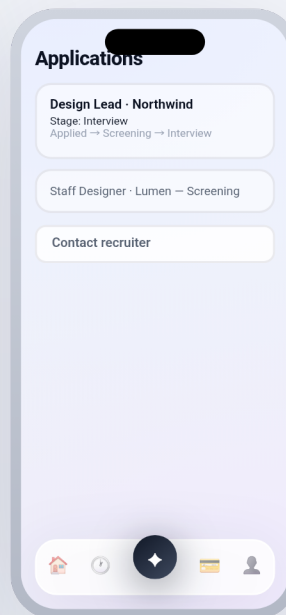

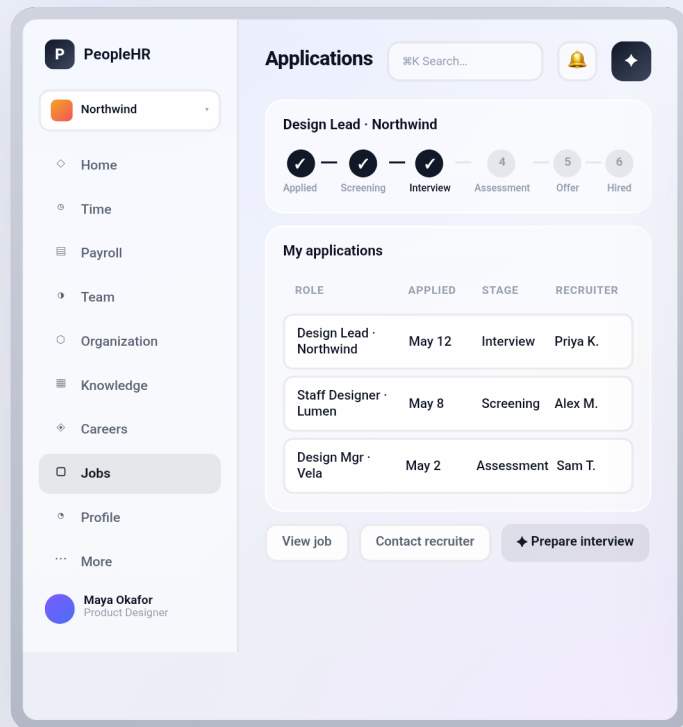

AI

• Actions

Apply · save · share · ask AI.

16 · EVERYONE Applications

Track every application through a clear stage timeline with next actions.

BLOCK SPEC

• Application overview

Job, company, applied date, stage, recruiter, next action.

Fields

• Stage timeline

Applied → Screening → Interview → Assessment → Offer → Hired.

Timeline

• List

All applications with current stage.

Data table

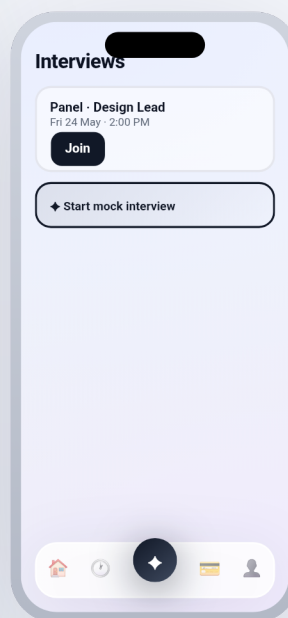

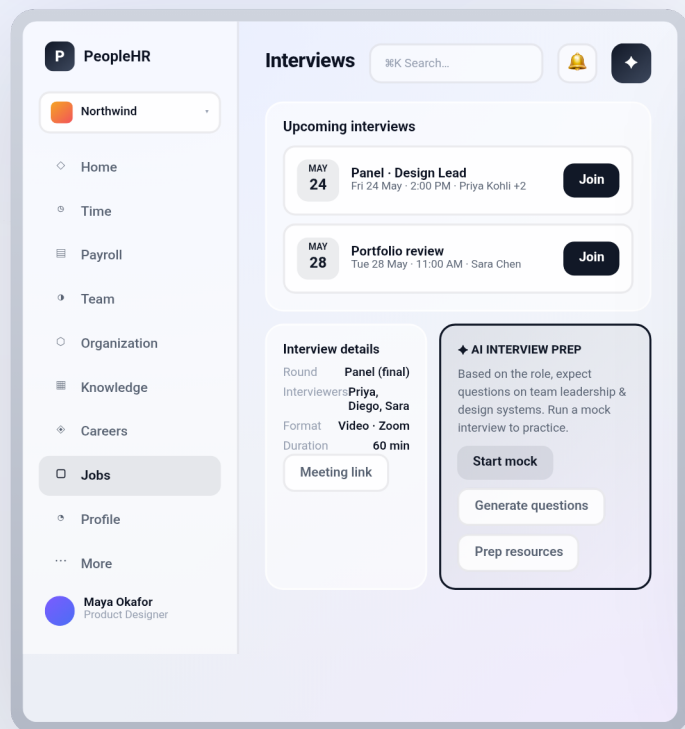

• Actions

View job · contact recruiter · prepare interview.

17 · EVERYONE

Interview Management

Upcoming interviews, details, and an AI prep coach with mock interviews.

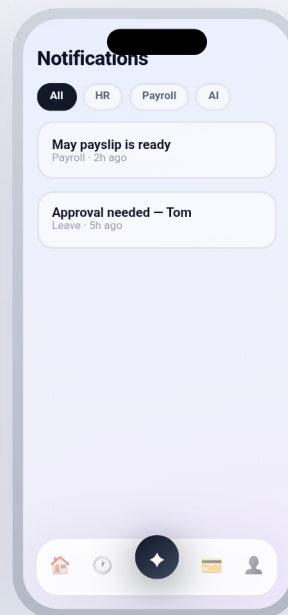

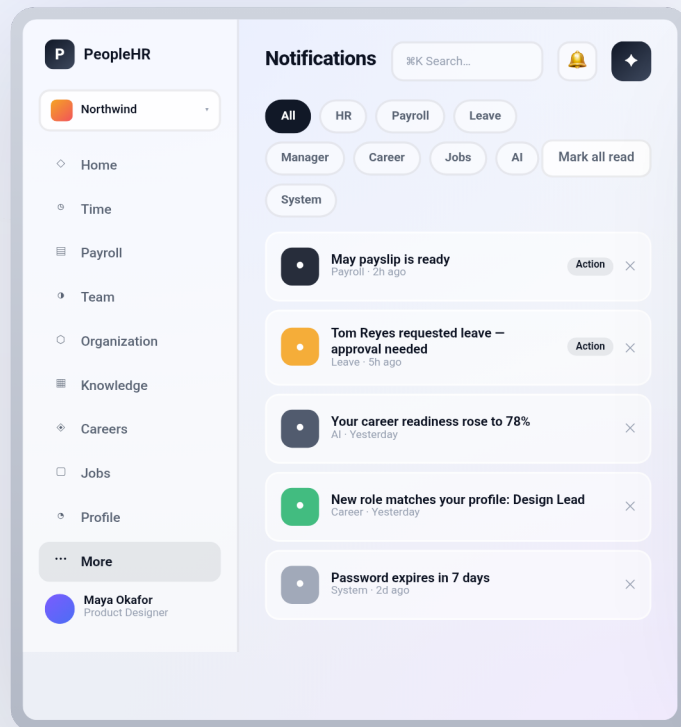

BLOCK SPEC

- Upcoming** List
Interview cards with date, interviewers, join link.
- Details** Card
Round, interviewer, meeting link, duration, resources.
- Calendar** Calendar
Interview schedule at a glance.
- AI prep** AI
Mock interview, question generation, feedback.

18 · EVERYONE Notifications

A unified center — categorized, prioritized, and action-ready.

BLOCK SPEC

Categories

HR, payroll, leave, manager, career, jobs, AI, system.

Filters

Notification

Icon, title, description, timestamp, priority, action.

List item

Actions

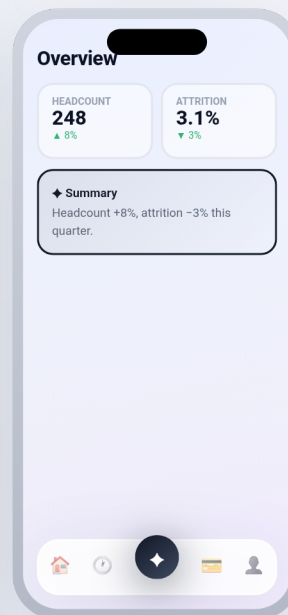

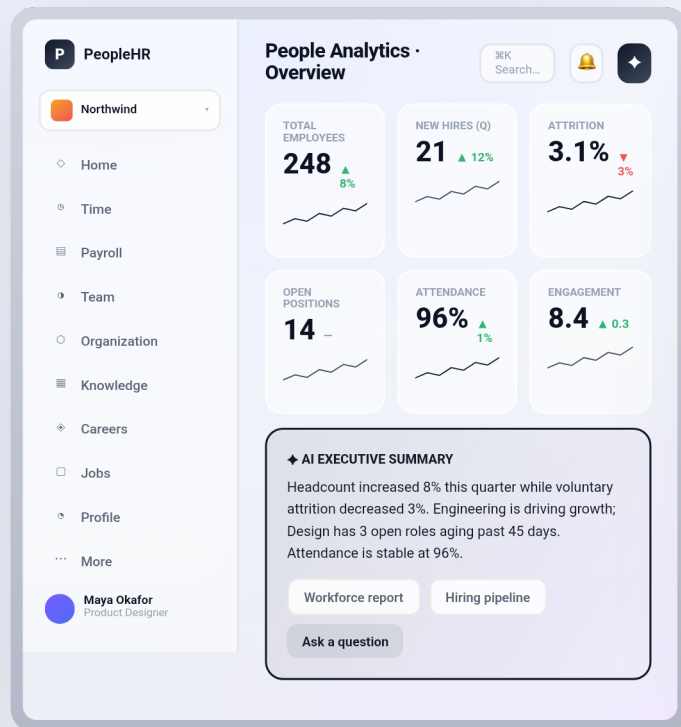

Open · mark read · dismiss · manage preferences.

States

Unread dot, priority badge, empty "all caught up".

HR / Admin Dashboard

A calm executive workspace — key metrics with sparklines and a natural-language AI summary.

BLOCK SPEC

• Metrics

Employees, hires, attrition, openings, attendance, engagement.

Stat + spark

• AI executive summary

Natural-language quarter narrative with drill-in.

AI

• Trends

Workforce, hiring, attendance, payroll, performance.

Charts

• Permissions

HR Admin & exec roles only.

Employee Management

A powerful directory table with faceted filters and full lifecycle actions.

BLOCK SPEC

- Search & filters

Department, role, status, location facets.

Controls
- Employee list

Name, role, dept, location, status, row menu.

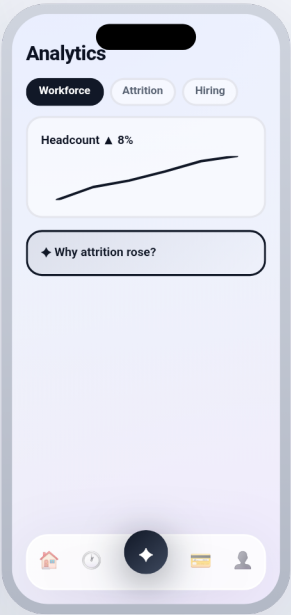

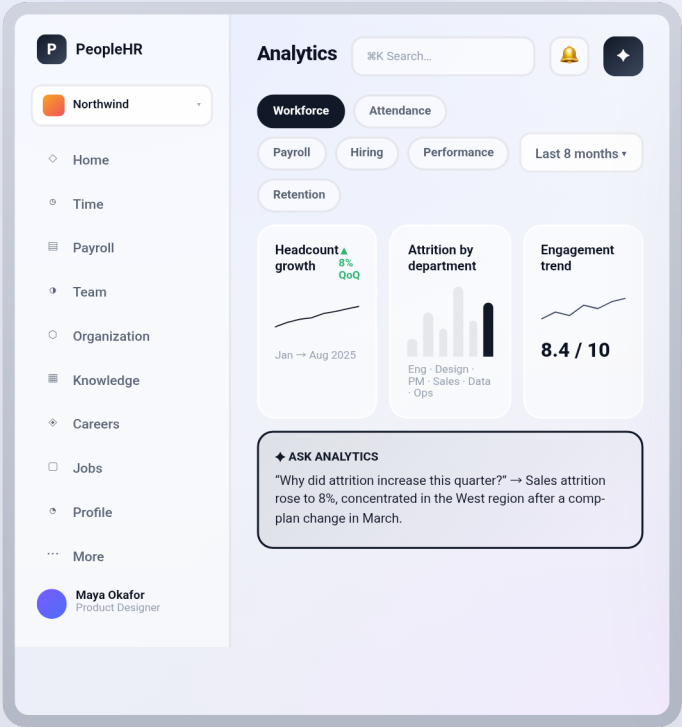

Data table
- Actions

Add · edit · deactivate · transfer · assign manager.
- Permissions

HR Admin write; managers read within team.

Analytics

Premium, interactive analytics across six domains with natural-language AI explanations.

BLOCK SPEC

- Categories

Workforce, attendance, payroll, hiring, performance, retention.

⌵ Tabs
- Visualizations

Metric, trend, comparison, date range, filters.

⌵ Charts
- Ask analytics

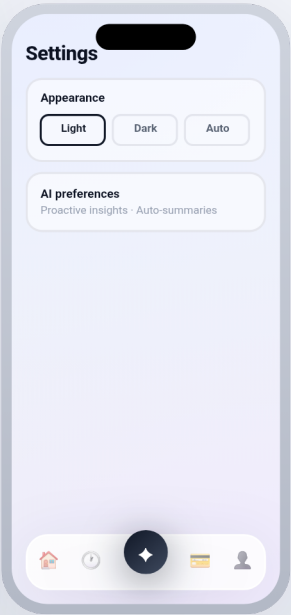

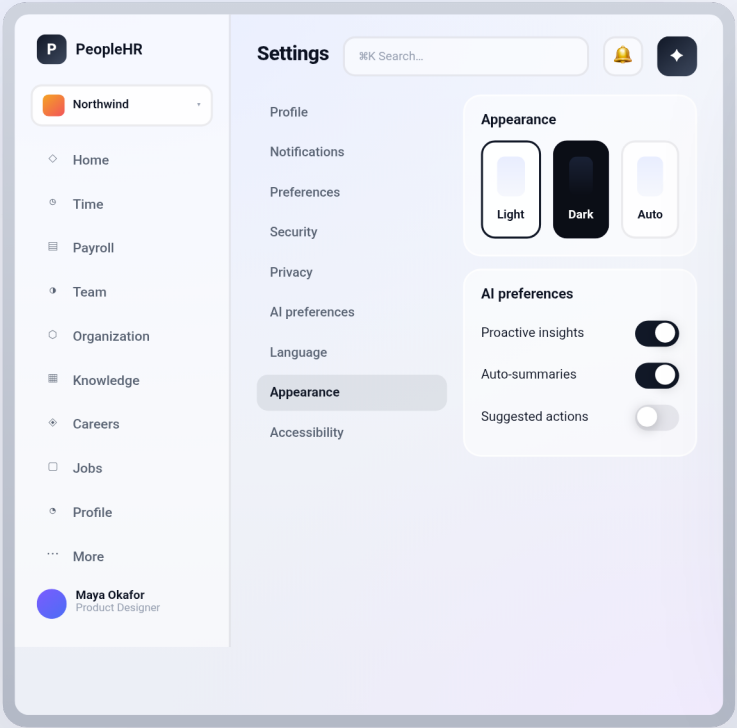

"Why did attrition increase this quarter?" — explained.

AI
- Actions

Export · drill in · schedule report.

22 · EVERYONE **Settings**

Clear, sectioned preferences – appearance, AI, security, accessibility.

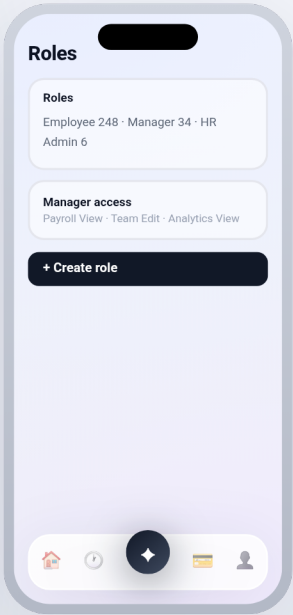

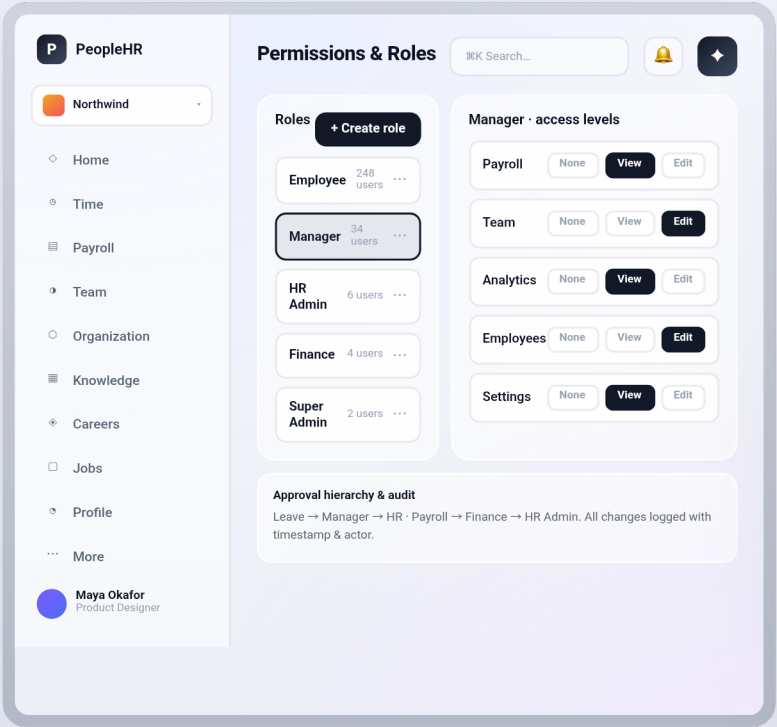

BLOCK SPEC

- **Sections** Nav
Profile, notifications, security, privacy, language.
- **Appearance** Picker
Light / dark / auto with live preview.
- **AI preferences** Toggles
Proactive insights, auto-summaries, suggested actions.
- **Accessibility**
Contrast, motion, dynamic type, reduced transparency.

Permissions & Roles

Enterprise access control — roles, an access-level matrix, approval hierarchy and audit.

BLOCK SPEC

- Roles** List
Role, user count, row actions.
- Access matrix** Matrix
Module × access level (None / View / Edit).
- Hierarchy & audit** Card
Approval chains + full change log with actor & time.
- Actions**
Create · edit · duplicate · assign · revoke.

CROSS-CUTTING

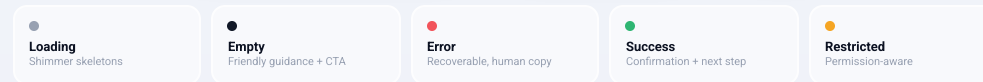

Responsive, States & Accessibility
